

# Please Help Support Our School

## Support is Simple:

1. Purchase at one of our local supporting merchants.
2. Purchase from the website.
3. Call the number and ask how you can purchase the product at wholesale and get involved as one of the fundraising leaders.

## How it Works:

1. You donate the recommended minimum or more to the fundraiser and we will give you product for your donation.
2. The merchant gives 100% of all funds to our fundraising group.
3. The fundraising group replaces the product at wholesale plus shipping.
4. All donated profit is given through our fundraising group to our receiving organization.
5. Consume our incredible products and receive SUPERFOOD benefits discussed on the website.

## Fundraising Opportunity

1. Place the product at commercial outlets and ask for donations.
2. Ask for donations at school functions, games, PTA and other outlets.
3. Hold home parties and get the entire community raising funds for you.
4. No one needs to join the business. We will provide your fundraising group the initial startup inventory. Repurchase out of the donations and you have an indefinite stream of income.
5. We can even show you how to create 5% to 15% for your fundraiser from the wholesale purchase of customers and the merchants helping you.
