

## Certification for Non Profit Approval

I \_\_\_\_\_, request approval for the following fund raiser:

I am actively involved in the function and want to participate as a fundraiser. Below is a statement of my involvement. (School, activity, personal involvement such as a member of the family on the team or other justification.)

I understand that if approved I will be able to display the logo for fundraising on my products and other displays and signs. I agree to follow the rules of the fundraising program and will not violate the process by trying to recruit teachers, parents or students in any form at any fund raising activity or on any school grounds. I will not send flyers or other material home with students for the purpose of recruiting individuals to my program or to solicit sales. All fund raising will be strictly point of sale and ecommerce purchases from the website. Any income I derive from the position is my personal business liability and responsibility for taxes. I will donate the majority of retail profit to the fundraiser and it is my option to donate other funds from my income related to the growth of my fund raising position. I agree that if I violate the intent of the fundraising that any logos and approval will be revoked and I must stop all fund raising activity immediately upon notification.
